

PUBLIC APPROVES RELEASE OF YOUTH IN BRACKEN COUNTY

Young Leslie Hall, Who Slew Lewis McClannahan Last Week, and Was Released at Examination, Has Public Sentiment.

The following is from the Augusta Chronicle:

Last Friday, Leslie Hall who shot and killed Lewis McClannahan, near Berlin, this county, on Monday, July 17, was discharged from custody at an examining trial held by County Judge Dodson at Brooksville.

The first witness introduced by the Commonwealth was Wm. Thompson, who accompanied young Hall to the home of his mother to get personal belongings of Harry Hall and his son, Leslie. Mr. Thompson's testimony was to the effect that he was standing by the machine while young Hall was in the house getting his belongings, and that Lewis McClannahan, who had been blackberryling, came up and started to talk to him. At about this time young Hall came out of the house, carrying a single-barreled shot gun. As he walked toward the machine, McClannahan, according to Mr. Thompson, spoke to young Hall, who replied: "You have got your nerve to speak to me after the way you have treated us."

At this juncture Mr. Thompson says that Lewis went after his knife, young Hall backing away, with the gun held at his hip, and had backed ten or fifteen feet, with the gun pointed from the hip, McClannahan following him, and when he was less than ten feet of him, young Hall fired, the entire charge striking the man in the abdomen, causing a fatal injury.

Young Hall's testimony was practically the same. He denied calling Lewis any vile names, but admitted the conversation as related by Mr. Thompson.

There were quite a number of witnesses testified, all of which went to justify young Hall in the course he took.

Judge Dodson did not require much time to render his decision, and while the decision is not final, it is almost a ten to one shot that the grand jury will not return an indictment against young Hall for killing.

GOVERNMENT WILL INVESTIGATE CRASH

Steamboat Inspectors to Look Carefully Into Crash of Greenwood at Dam.

Cincinnati, Ohio, July 28. — United States steamboat inspectors will make an investigation of the accident to the steamer Greenwood early Sunday morning near dam No. 35, New Richmond, Ohio. Cole M. Johnson, district No. 1 corps of engineers has received a report from the men at the dam who place the blame upon the officers of the steamboat.

Officials of the Green Line Company will demand an investigation as the men on the Greenwood say wrong signals were given which resulted in the Greenwood ramming the lock wall. No one was seriously hurt but some of the freight was thrown overboard by the impact and the boat sprung a leak. Passengers were greatly excited and were ready to leave the boat at a moment's notice.

I will call at the home and shampoo your hair for 50 cents. Satisfaction guaranteed. Rose Anderson, 215 Beech street. Phone 780. 28July28

CRYSTAL GAZER

Pastime Theater presents Vada, the Crystal Gazer. He answers all questions, ask him anything, he appeared at the Lyric Theater, Cincinnati, for two weeks and created quite a sensation. He is to play a return engagement, he carried these people. Not a vaudeville act or a picture but a real sensation. He will be at the Pastime Wednesday and Thursday, August 2 and 3. An unusually large crowd attended the trial, the court house being crowded to its utmost capacity, and Judge Dodson's decision was a popular one. Judgment from the loud and continued applause which greeted it. It is said that this large crowd was unanimous for the discharge of the young man, and the crowd did not hesitate to express its approval.

ANOTHER APPEAL MADE FOR FUNDS ON LOCAL POPPY DAY

Great National University Is Most Fitting of Possible Memorial to the Men Who Gave Their Lives in World War.

A prominent local barriester writes the following appeal for the celebration of "Poppy Day" in Mayville:

His Honor, Mayor J. H. Samuel, having declared August 9th, 1922, "Poppy Day," a day on which poppies are to be sold by a committee for the establishment of a National Memorial University, in honor of the memory of those who fell in the World War it behooves all citizens, possessed with a sense of justice, to aid, in every way possible, this worthy cause.

How fitting it is that the memory of those who sacrificed their all, their very terrestrial existence for us, should be shown some mark of appreciation for the heroic sacrifice they have made, and how noble the form of expression of appreciation it will take, a National Memorial University at which the surviving compatriots of that great war and their families can receive an education as only a National University can impart. The world has recognized that the most fitting, the most last memorial of great achievements is of an intellectual character. The astounding accomplishments of Alexander the Great, are, in their detail, passed into oblivion. Only the great results are outstanding, and they are shrouded in the gloom of a misty, well-nigh forgotten past. But the fact that he commemorated his achievements by the establishment of a library, such as that of that day had never known, remains undimmed by the fact that the Alexandrian library subsequently met its fate in the consuming torch.

So it has ever been the most active memorial of the great deeds of that great war, have been institutions of learning which appeal to the fresh, impressionable minds of the youth, indelibly fixing in their minds, the deeds commemorated. The estimate the world places on such a memorial as a seat of learning may be seen from the fact, that one of the most widely and keenly lamented losses of the World's War was the destruction of the great Louvain University.

Putting, therefore, it is, that the sacrificial life-offering made by our dead soldier boys should be memorialized; and most fitting it is, that it should be memorialized by the establishment of a National University. Let each of us help this worthy cause in accordance with his means. Let each of us, in spirit of appreciation, wear a poppy, whose crimson glow will remind us of the life-blood shed by our boys on Ploeghe Fields and elsewhere in the Great World War.

MR. JAMES CHAMBERLAIN DIES

Mr. James Chamberlain, aged 75 years, died at his home in East Second street Thursday evening at about 10:30 o'clock after a short illness of only a few days. Mr. Chamberlain was for many years a resident of the Lewisburg section but a few years ago moved to Mayville. He was a quiet gentleman and a splendid citizen. He is the last of his immediate family but has many relatives throughout the county. The funeral will be from the home Saturday morning at 10 o'clock and burial will be made from Mayville.

BIG FEED BARN RUINS

A large feed barn on Durrett Brothers' farm in the Washington neighborhood was destroyed by fire at about 3 o'clock Friday morning. The entire contents of hay and corn were destroyed. The fire is supposed to have caught by spontaneous combustion in the new hay. The local fire company was sent to the scene but was unable to stop the blaze. The loss is estimated at \$5,000 and \$300 in insurance was carried with the Mason Mutual Insurance Company.

C. & O. SHOPS AT COVINGTON OPEN WITH FULL FORCE

Cincinnati, July 27. — Shops of the Chesapeake & Ohio Railroad at Covington, Ky., opened today with a full force of men, it was announced by W. F. Taylor, superintendent. Locomotives are being repaired and conditions were announced to be far better than at any time since the strike of shopmen went into effect.

CARDINALS DEFEAT MT. STERLING THURSDAY

League Leaders Defeat Mt. Sterling Club in Thursday's Confined.

Mt. Sterling, Ky., July 27. — Harrison held the Mayville team to three hits today, but his team mates made six errors behind him, and the Cardinals with their customary luck won over the Essex 5 to 4, showing the winning run in the ninth inning. The fielding and hitting of Wilbers for the locals were features of the game. Kresser and Pergem hit home runs.

Brittingham was knocked out of the Mayville box, but Bosken took his place and both pitchers received perfect support.

Game Is Protested.

President Thomas M. Russell of the Bluegrass League Friday morning protested the game between the Mt. Sterling club and Mayville which resulted in a 5 to 4 victory for the latter on the grounds that Wilbers of Mt. Sterling was called out of the play after a batted ball to right field had gone out of sight of the umpire claiming that the rules state that a batted fair ball going out of sight of the umpire entitles the runner to score. Umpire Goodman allowed the ball to be returned and the runner was declared out at the plate. Another complaint was that left fielder Marguerum of the Cardinals trapped a ball which Goodman allowed as a fair catch of a fly ball. The message for the following telegram announces the change in management of the Winchester club:

Winchester, Ky., July 27, 1922. — The Russell, President Bluegrass League, Mayville, Ky. Winchester club has been taken over by citizens of Winchester. Please mail immediately several contracts and five dozen balls.

W. B. LINDSAY, President.

The Winchester club has been under the ownership of S. Baskett of Cynthiana and negotiations have been under way to transfer it to a stock company of Winchester citizens with Mr. Lindsay as president. At present the Dodgers are the weakest club of the circuit and the new management should prove a benefit.

RAIL EXECUTIVES CALLED TO CAPITAL FOR BIG PARLEY

Proposal to End Strike to Be Discussed at Washington Meeting Next Tuesday—Peace Prospects Are Brighter.

Washington, July 28. — A meeting of executives of the 148 major railroads of the United States will be called in New York next Tuesday to consider a plan for settling the strike now in progress, T. DeWitt Cuyler, chairman of the Association of Railroad Executives, announced Thursday night after a conference with President Harding.

Mr. Cuyler added, however, that "no definite basis" for strike settlement was ready to be placed before the meeting. His conference with the President last night, he said, had been devoted to a general survey of the situation.

While Mr. Cuyler was positive in his statement that the basis for proposed settlement of the strike had not been definitely drawn up, earlier reports indicated that at least a tentative plan had resulted from the conference held during the day between President Harding and leaders of the various railroad labor groups.

President Harding has made no specific request to the railroad executives, Mr. Cuyler said, when asked if the question of seniority rights had been brought forward at the conference with a view to influencing some railroads to reconsider their stand against returning these rights to striking shopmen.

The executives' chairman said he was unable to foretell whether action in the strike situation would be held in abeyance until the New York meeting, he explained, in order that representatives of railroad managements might get to the meeting place.

When informed of a strike settlement plan, attributed to a member of the United States Railroad Labor Board in Chicago, under which strikers would regain a seniority rank just after workers who remained at their jobs, Mr. Cuyler said nothing of that nature had entered into his conference with the President.

FINGER PRINTS BEST CLUE FOUND AT RENAKER MURDER

Cincinnati Detectives Obtain Good Finger Print Negatives—Case To Be Followed Along This Line.

Winchester, Ky., July 27. — Bertillon experts from the Cincinnati police department returned today with negatives of finger prints taken from a screen door at the home of Leon Renaker, commission merchant, whose body was found with head crushed in his bed by his wife Wednesday upon her return from Cincinnati after a visit with relatives.

All early clues in the murder have been abandoned, and detectives now place importance in their discovery of a green-bordered handkerchief on the bed and upon information gained today from citizens and Mrs. Renaker, who conferred with the investigating officers nearly an hour.

Deputy sheriffs and others interested in the solution of the murder mystery today scoured the entire county, searching culverts, beneath bridges and deep ravines for any trace of blood-stained clothing.

A former employee of Renaker's who, it was believed, might have some connection with the case, today was found at Cynthiana, where he had been working during the past few weeks. Authorities dismissed all theories that he was implicated.

CAUSE OF ROMA CRASH IS HIDDEN FOREVER.

Washington, July 26. — American and Italian technical experts are in disagreement as to the most probable cause of the wreck of the semi-rigid Italian-built army dirigible Roma February 21 last, near Norfolk, Va., with the loss of 34 lives. The final report of the investigation board was made public today. The report stresses the statement that all the facts of the disaster can never be known. Those who might have known what sent the ship plunging to earth in a swift nose dive perished in the wreckage.

WEEKLY CROP REVIEW.

A summary of the weather and crop conditions in Kentucky for the week ending July 25, 1922, follows:

The temperature during the week average near normal, but the nights were quite cool. Good rains in the southern and western counties furnished sufficient moisture; but there was a deficiency in the northeastern district, where only scattered showers occurred. Corn made satisfactory progress and its condition is excellent in the southern and western districts. It is fair to good in the northeastern section, but is "firing" in places on hilly land. Corn, pastures and all other crops need rain badly in the Lexington Valley, the central bluegrass region, and the extreme northeastern counties. Early corn is coming well generally. There was some damage to hay by rain near the beginning of the week; but in the main the weather was favorable for hay harvest, which was completed. The week was favorable for thrashing wheat, which is nearing completion. Thrashing oats is in progress; with poor yields in most districts. Except for considerable rust in certain localities in the western counties, early tobacco is generally excellent and far advanced for this time in the season. Most of it has been topped, and the soil moisture is sufficient for proper spreading except in the northern burley district where there is complaint of "firing." Late tobacco is generally doing well, but is uneven in size. It needs rain in the northern counties. Pastures, gardens, clover and alfalfa continued to make satisfactory growth in all of the state except the dry northeast, where their condition is only fair.

Treat the weakened kidneys with Doan's Kidney Pills. A remedy especially for sick kidneys.

Endorsed in Maysville by your friends and neighbors. Ask your neighbor.

Bryan Greenlee, grocer, 139 West Second street, Maysville, says: "I suffered a lot from backache and there was a deep seated pain across the small of my back. When I did any stooping I could hardly straighten again. My kidneys did not act regularly so I went to Wood's Drug Store and got a box of Doan's Kidney Pills. Doan's soon fixed me up in good shape and I have not been bothered since."

Price 50 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Greenlee had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

An Old Car Today—a New One Tomorrow

NO, we are not selling automobiles—simply recommending that you use Kwikwork, the magic auto enamel that makes old cars new in a hurry.

Easy to use—quick in effect—lasting in results—restores new lustre to old finish.

Buy a proof package today, have fun making the old car over, and tomorrow your neighbors won't know the old bus.

And you'll need the other Kwikwork specialties for polishing body, finishing varnish, renewing leather, etc. We have them all—and recommend them heartily.
